Technical drawing of a rectangular plate with dimensions and hole locations. The overall dimensions are 1570 mm in width and 490 mm in height. The plate features four corner holes, each with a diameter of 18 mm. The distance from the center of each corner hole to the nearest edge is 37.3 mm. The plate is divided into four quadrants by a horizontal dashed line at 360 mm from the top edge and a vertical dashed line at 420 mm from the left edge. The distance between the centers of the corner holes is 420 mm horizontally and 360 mm vertically. The plate has a thickness of 6.5 mm. The drawing includes dimension lines and labels for all specified measurements.

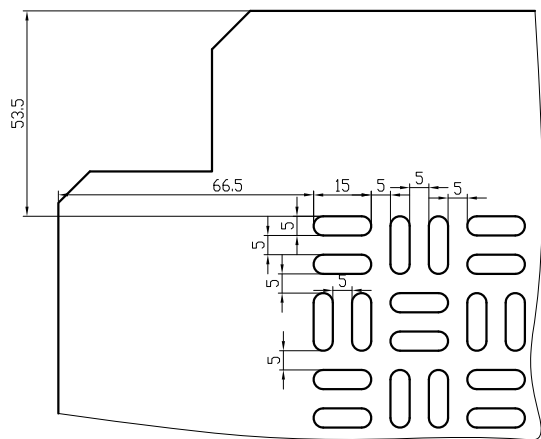

Technical drawing of a rectangular plate. The drawing shows a large rectangle with a double-line border. The dimensions are indicated by arrows: a horizontal arrow at the bottom labeled "1499" and a vertical arrow on the right labeled "419". The material specifications are written in the upper right corner: "材料: A3" and "厚度: 1.5mm".

1. 去除加工毛刺；
2. 表面浅蓝色喷塑。

Technical drawing of a long rectangular plate. The overall width is 10. The overall height is 38. The plate has three circular holes. The first hole is located 119.5 from the left edge and 6.5 from the top edge. The distance between the first and second holes is 420. The distance between the second and third holes is 420. The distance from the third hole to the right edge is 420. The hole diameter is 20.
